

Frozen Campfire Chicken

Frozen chicken parts may go on a picnic if a “cook-out” is planned. Wrap chicken in waxed paper and then in newspaper to carry in the picnic hamper. It will thaw in probably 3 to 4 hours.

Ingredients: • Frozen chicken parts; • Butter

Optional: onions; potatoes; salt, pepper or desired seasonings

Directions:

1. Wrap individual servings or raw chicken and a piece of butter in large squares of aluminum foil. If desired, add peeled and thickly-sliced onions, sliced potatoes, salt and pepper and any desired seasonings before closing package securely.
2. Bake for 1 to 1-1/4 hours on a rack over hot embers, turn carefully once to cook evenly.
3. Serve right in the foil packets on picnic plates with buttered hot biscuits. (Courtesy of dlth-kids.com)
